### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- Texas Labor Code §417.002 outlines the process for recovery in third-party settlements.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - CAC-215-Based on subrogation of a third party settlement.
  - CAC-16-Claim/service lacks information which is needed for adjudication. At least one remark code must be provided (may be comprised of either the remittance advice remark code or NCPDP reject reason code).
  - CAC-W1-Workers compensation state fee schedule adjustment.

- 225-The submitted documentation does not support the level of service being billed. We will re-evaluate this upon receipt of clarifying information.
- 714-Accurate coding is essential for reimbursement, CPT/HCPSC billed incorrectly. Corrections must be submitted w/i 95 days from DOS.
- 758-ODG documentation requirements for urine drug testing have not been met.
- 871-Payment is being withheld because claimant received a third party settlement.

### **Issues**

Is the insurance carrier's reason for denial of payment supported?

### **Findings**

The insurance carrier denied disputed service with claim adjustment reason codes "CAC-215" and "871."

Texas Labor Code §417.002(a-c), RECOVERY IN THIRD-PARTY ACTION states,

The net amount recovered by a claimant in a third-party action shall be used to reimburse the insurance carrier for benefits, including medical benefits, that have been paid for the compensable injury. (b) Any amount recovered that exceeds the amount of the reimbursement required under Subsection (a) shall be treated as an advance against future benefits, including medical benefits, that the claimant is entitled to receive under this subtitle. (c) If the advance under Subsection (b) is adequate to cover all future benefits, the insurance carrier is not required to resume the payment of benefits. If the advance is insufficient, the insurance carrier shall resume the payment of benefits when the advance is exhausted.

The Division reviewed the submitted documentation and finds:

- No documentation was submitted to refute the explanation of benefits that the service in dispute are subject to payment from a third-party settlement; and
- No documentation was found to support that the net amount recovered in the settlement was exhausted.

The Division concludes that the requestor has failed to support that the disputed services are eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

### **Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00. The Division emphasized that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. Even though all the evidence was not discussed, it was considered.

### ***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
